

Projects

AI-Based Flood Monitoring and Prediction System using IoT - Capstone

Mar 2026 – May 2026

<https://github.com/Krish024-git/ai-flood-monitoring-system-using-iot>

- Developed **RESTful APIs** using **FastAPI** for real-time sensor data processing and integration.
- Built responsive frontend dashboard using **React.js** for live flood monitoring and analytics.
- Integrated **IoT sensors, ML models, and Satellite image** analysis for flood prediction.
- Implemented machine learning models using **Python libraries** for flood risk prediction based on sensor and weather data.
- Applied **image pre-processing techniques** on satellite images to detect water regions and enhance flood prediction accuracy.
- Automated **data collection and monitoring system** to improve accuracy and response time.
- Integrated **IoT, AI, and image-based analysis** to create a smart and automated flood monitoring system.

Smart Study Planner and Analyzer

Mar 2026 – Apr 2026

<https://github.com/Krish024-git/>

- Developed a responsive **web application** to plan and manage daily study schedules efficiently.
- Implemented an **automatic timetable generator** based on user preferences and available study time.
- Designed interactive frontend using **HTML, CSS, and JavaScript** & backend using **php** for better user experience.
- Integrated performance analysis using **dynamic bar graphs** to visualize study patterns and productivity.
- Applied **data-driven logic** to track progress and provide insights for improving study efficiency.
- Utilized **data visualization techniques** to provide insights and improve study efficiency.

Certificates

Data Science & Artificial Intelligence Program

Jun 2025 – Present

[Intellipaati in collaboration with IIT Roorkee iHub](#)

- Completed an industry-oriented certification program focused on **Data Science and Artificial Intelligence**.
- Learning and gaining hands-on experience in **Python, MySQL, Machine Learning, Deep Learning, Data Visualization, and Statistical Analysis**.
- Working on real-world projects involving **data preprocessing, model building, evaluation, and deployment**.
- Developing skills in tools and technologies such as **Pandas, NumPy, Scikit-learn, TensorFlow, and Machine Learning & Deep Learning Modules**.
- Applying **AI techniques** to solve business problems using predictive modeling and data-driven insights.

Python Visualization

Aug 2025 - Jan 2026

[Intellipaati in collaboration with IIT Roorkee iHub](#)

Completed comprehensive training in Python focused on data science applications, including **data cleaning, data analysis, and data visualization**. Gained hands-on experience with libraries such as **NumPy, Pandas, Matplotlib, and Seaborn** to analyze datasets, extract insights, and build data-driven solutions.

Microsoft SQL Certificate

Jun 2025 - Jul 2025

[Intellipaati in collaboration with IIT Roorkee iHub](#)

Completed professional training in **Microsoft SQL, covering database design, SQL queries, joins, subqueries, indexing, stored procedures, and performance optimization**. Gained hands-on experience in managing relational databases and working with real-world datasets to support data-driven applications and analytics.

Co-curricular Activities

Participated in 24hr Infernoverse Hackathon in **LPU**

Oct 2025

Participated in Algo-N-Hunt Tech Fest in **LPU**

Nov 2025

Skills

Languages & Technologies: - HTML, CSS, SQL, React.js, JavaScript, Fast API, Python & Frameworks and ML.

Domain Skills: - Data Structures and Algorithms, Machine Learning, Statistical Analysis, Data Visualization, Time Series Forecasting, Predictive Modeling, Database Management (SQL), Data Cleaning & Preprocessing, Exploratory Data Analysis (EDA).

Soft Skills: - Communication, Problem-Solving, Leadership and Teamwork.

Education

Lovely Professional University

Master of Computer Application – TGPA 6.8

2025 – Present

Phagwara, Punjab.

Veer Bahadur Singh Purvanchal University

Bachelor of Computer Application – 72.67%

2022-2025

Jaunpur, Uttar Pradesh.

M.S.V.M Secondary School

12th—58.71%

2021-2022

Ghazipur City, Uttar Pradesh.

M.S.V.M Secondary School

10th—61.84%

2020-2021

Ghazipur City, Uttar Pradesh.
